2. Principles of Resolution

- All parties are given the opportunity to present their views and provide evidence
- Complaints and appeals are acknowledged, investigated, and resolved fairly
- Outcomes are recorded and used for continuous improvement

Nothing in this procedure restricts the right of an individual to take legal action or seek assistance under Australian consumer protection law.

3. Making a Complaint or Appeal

Students should ideally attempt to resolve a complaint informally prior to lodging a formal complaint.

- Complaints should be submitted as soon as possible following the issue or event
- Appeals must be lodged within 20 calendar days of the original decision
- Use the Complaints and Appeals Lodgement Form available online or at the office.

The submission should include:

- A clear explanation of the issue or decision being appealed
- Any supporting evidence (documents, screenshots, statements, etc.)
- Steps already taken to resolve the issue (if any)
- Suggestions for resolution, if applicable

4. Resolution of Complaints and Appeals

- The resolution process may involve members of the College's management team
- Where other individuals or organisations are named, they will be notified and given an opportunity to respond
- All parties may be accompanied by a support person during discussions
- In cases of assessment appeals, the task can be discussed with the trainer and assessor.

The complaint or appeal assessment must commence within 10 working days of the receipt.

Complaints and Appeal Policy

The complaint or appeal assessment will be resolved fairly and equitably, and at the earliest possible time (no later than 20 working days).

The outcome of the complaint, including the reasons for the outcome will be provided in writing to the student within 5 business days of a decision being made. The student will be advised that they have the rights to appeal.

In case where AHMI fails to draw a conclusion on a complaint or appeal within 45 days, the reason must be sent to student in writing. The student must be updated regularly with the progress of the assessment.

Enrolment will be maintained throughout the internal complaint and appeal process, including during any review or investigation period.

There are no further avenues within Australian Health and Management Institute for appeals after an internal appeal has been completed.

If the internal or external complaints handling or appeal process results in the decision or recommendation in the favour of the student, Australian Health and Management Institute will immediately implement the decision or recommendation and take the preventive or corrective action/s required by the decision and advise the student of that action.
